of RICHMOND SCHOOL?

As you may have heard, this school and 8 acre property surrounding has been put up for sale and School Board Trustees will soon be deciding on its fate.

If you think the Richmond School property is important to you and your community, then here is your opportunity to get involved. We need your thoughts, ideas and participation so that School Board Trustees will make wise decisions on our behalf.

The first two meetings posted below will be a workshop format where we will organize into groups to discuss various solutions and strategies. You will need to have permission to speak at the School Board meeting. Note: These meetings may well be the last opportunity afforded us by the School Board to discuss or to present your thoughts and ideas.

Ideas & Strategy Workshop (whichever is the more convenient for you)

(1) March 27 meeting hosted by North Jubilee N.A. & Friends of Bowker Creek: When/where: 7:30 p.m. Tues. March 27 at the CNIB building 2340 Richmond Rd (west entrance).

(2) March 29 meeting hosted by the Camosun Community Association: When/where: 7:30 p.m. Thurs. Room 216, the Young Bldg. Camosun College ("clock tower" bldg.)

Operations Committee Meeting hosted by the School Board to give the public one more chance to speak to trustees and staff on the proposed sale of the Richmond School property: When/where: 7 p.m. April 12 at the School Board 61 Office, 556 Boleskin Road (near Douglas).

Website and Email communication:

We now have a website: www.CamosunCommunityAssociation.com. It should prove invaluable for keeping everyone up to date on the Richmond School issue and other matters pertaining to the health and livability of our communities. We are also designing this site to enable residents who cannot attend meetings to give us their thoughts and ideas from the convenience of their computers (including voting on community issues on-line for example).

Please take a minute to send us an E-mail to register@camosuncommunityassociation.com. Having your E-address on file will enable us to keep you up to date on developments.
