

# Camosun Community Association

Dear Neighbour,

The Camosun Community Association is seeking input on a proposed rezoning in our community. The Hillside Liquor Store has applied to rezone the property at 1664 North Dairy and consolidate the lot with 3201 Shelbourne. The goal of this proposal is to expand the Liquor Store's current property and accommodate product storage while alleviating parking issues. Please review to the attached letter from Hillside Liquor Store co-owner, Brian Wambolt, and the site plan for more detail. The Camosun Community Association will be making recommendations to Saanich based on the feedback received from area residents. We hope you will take a moment to complete the following so that we can best represent your views.

If you have any questions, please contact Caleb Horn of the Camosun Community Association at [horn.calebj@gmail.com](mailto:horn.calebj@gmail.com) or by phone at 250 595 8924. Digital copies of the plans and related correspondence can be provided by request.

Once completed, you can arrange to have the survey picked up or you can drop it off in the collection box at **1670 North Dairy Road**, at the northeast corner of Kingsley Street.

*For additional information about this proposal, the full site plan can be found on our website: [www.CamosunCommunityAssociation.com](http://www.CamosunCommunityAssociation.com) .*
