

Dear Neighbour,

We are writing to keep you informed of the changes taking place in your neighborhood and to describe the reasoning that has led to their development.

The rezoning application submitted for 3226 Doncaster has been initiated as a way for the Henry family to maintain a connection with their family history and to remain close to each other today in a community they've been a part of for over 35 years.

Maryvonne Henry moved to Doncaster Drive in 1977 and fell in love with the neighborhood. It was in 1981 that her and her husband bought a second house on the drive with family and future in mind. This allowed them to open their home to extended family, including her late uncle Albert (Berty) Falomon and aunt Aurelie Serres who came all the way from France to live out their retirement years with the Henrys.

Maryvonne and her son Sylvain currently live together on Doncaster Drive, while her daughter Emmanuelle, husband Terry and their two young daughters live close by in Victoria. The proposed duplex was conceived as way to created a unique dwelling for both families to share, so that Maryvonne can remain close to her grandchildren and the community she calls home.

The Henrys appreciate your support and invite you to submit your comments and feedback with the attached survey.

Yours kindly,

Citizen Design Build
